

Test Sections Versus School's Interest

The table below indicates the maximum level of difficulty (+, ++, +++) expected to be treated for the different schools of ParisTech.

Scientific Fields	Computer science	Physics						Chemistry	Life Sciences / Environment
		Mechanics	Thermodynamics	Optics	Electromagnetism	Electrical eng.	Quantum physics		
ParisTech Schools									
AgroParisTech	+	+	++	+	+	+	+	++	+++
Chimie ParisTech	+	+	++	+	+	+	+	+++	
École des Ponts ParisTech	++	+++	+++	+	++	+	+		
ENSAE Paris	+								
ENSTA Paris	++	+ / +++*	++	+	++	++	++		
ESPCI Paris	+	+	+++	++	+++	+	+++	+++	++
Institut d'Optique GS	++	+	+++	+++	+++	++	+++		
MINES ParisTech	++	++	++	+	++	++	++		
Télécom Paris	+++			++	++	+++	+		

(*) Depending on your background.

For instance, if you are interested in ENSTA Paris and come from a department related to mechanical engineering, you are expected to treat questions at level +++ in mechanics. But if you come from a department of electronic engineering, only questions of level + are to be treated.
